Licensing

4. (1) Any person intending to launch or use any power boat upon any recreational water area where such launching or use is permitted, must apply in writing to the Director for a licence for such vessel.

(2) An application referred to in subsection (1) must be accompanied by a fee as may be determined from time to time by the Council.

(3) Any person who applied for a licence for a vessel must, submit at a place, on a date and at a time determined by the Director such vessel for examination to be conducted by an authorised official.

(4) The Director may grant or refuse such application and may, when granting such application, impose conditions in respect of operations, repairs or alterations to such vessel as he or she deems necessary in the interests of safety or to ensure compliance with this By-law.

(5) If the application is refused, the Director shall forthwith notify the applicant in writing of the reasons for such refusal.

(6) The Director must refuse such application if he reasonably believes that such vessel may -

- (a) be a source of pollution;
- (b) cause a nuisance;
- (c) constitute a danger to persons using it or to others; or
- (d) discharge sewage into any recreational water area.

(7) The Director must, on granting an application, allocate a registration number to the vessel and issue to the owner, a licence and licence disc in a form as determined by him or her.

(8) A person who has been granted a licence of a vessel must display the licence disc referred to in subsection 7 on the windscreen of the vessel to which it relates, or if the vessel is not fitted with a windscreen, in such a manner that it is clearly visible from outside the vessel.

Transfer of licences

5. (1) Subject to subsection (3) any person may apply to the Director for his or her licence for a vessel to be transferred with the ownership of such vessel to any person.

(2) When the ownership of a vessel is transferred as contemplated in subsection (1), the person to whom the licence has been granted must deliver the licence and disc to the Director for endorsement.

(3) The person to whom a licence has been granted must, in writing, advise the Director of –

- (a) any change in his or her address during the operating period in which such licence was granted;
- (b) him or her stopping to launch, operate or use such vessel;
- (c) the name and address of the person to whom such vessel was transferred; and
- (d) the cause of him or her stopping to launch, operate or use such vessel;
- (e) time frame for advising the Director about the change of ownership.

Cancellation and suspension of licences

5. The Director may withdraw any license if -

- (a) he/she is satisfied that the vessel in respect of which such licence was granted is no longer safe or seaworthy or is a source of pollution or the cause of a nuisance or danger to others; or
- (b) If a person to whom a licence has been granted in terms of this By-law—
 - (i) has furnished or submitted false or incomplete information in the application for that licence, or has submitted any other information required in terms of this By-law which is not true or complete;
 - (ii) fails to comply with a condition of the licence;
 - (iii) contravenes a provision of this By-law; or
 - (v) is convicted of an offence in terms of this By-law,

the Director may by written notice, require such person to show cause in writing, why the licence should not be cancelled, suspended or altered within a period of 21 days from the date of such notice.

Service of notices

6. (1) Where a compliance notice is served on any person in terms of section 5(b), it is deemed to have been properly served on such person when it has been served—

- (a) personally to him or her or in the case of a juristic person to a person apparently employed at its registered office;
- (b) at his or her place of residence or business to a person apparently over the age of 16 years;
- (c) by registered or certified mail to such person's last known residential or business address as appears in the records of the City ,or in the case of a juristic person, to its registered office and an acknowledgment of posting is produced;

(2) The failure to make proper service on any person as required in terms of this By-law shall not invalidate any proceedings held in respect of contraventions of this By-law.

Validity of a licence

6. A license shall be valid for a year from the date of issue and a register of such licenses shall be maintained by the City.

Observance of rules in recreational water areas

7. (1) All vessels shall be confined to the zones and circuits designated and demarcated by means of buoys by the City.

(2) The operating of specific types of vessels may, at the discretion of the Director, be restricted to fixed times and zones so as to exclude other types of vessels.

(3) The City may restrict the number of vessels which may operate on any recreational water area at any one time.

(4) No vessel operating on any recreational water area may exceed 5,48 m (18 feet) in length.

(5) All vessels must be provided with paddles or a second means of propulsion which must be kept on board the vessel.

(6) All vessels must be provided with a sufficient number of life jackets for all persons on board the vessel and life jackets must be worn at all times by persons under the age of ten years, water skiers and wind surfers.

(7) All vessels must have adequate flotation so as to be maintained above the water.

(8) Every vessel must have, as a means of identification, a licence number displayed on its side as directed in section 4(8).

(9) The number of persons permitted on board any vessel must not exceed the seating or standing accommodation provided in such vessel.

(10) An authorised officer may, at any time inspect any vessel which is to be used on any recreational water area and if he or she reasonably believes that such vessel is not suitable for the launch, operation and use on any recreational water area, he or she may require the person in charge of such vessel to remove such vessel.

(11) The City may, place buoys to indicate an area closed to any vessels for the purposes of using as a fishing area or for remote controlled craft, in which event no vessel shall enter such area.

(12) No person may, except in an emergency, launch, operate or use any vessel on any recreational water area -

- (a) unless such vessel is licensed in terms of this By-law;
- (b) if he or she suffers from any infirmity which renders him or her unfit to do so;
or
- (c) between sunset and sunrise.

(13) No person must launch, operate or use any vessel on any recreational water area -

- (a) at a place other than one from which or where such launch, operation or use is permitted or authorised by the Director and indicated by notice or buoy;
- (b) recklessly or negligently;
- (c) while under the influence of intoxicating liquor or narcotic drugs;
- (d) at a speed or in a manner dangerous to the public or to the occupants of such vessel;
- (e) without reasonable consideration for the rights of other persons using such recreational water area;
- (f) in a manner which constitutes a nuisance; or
- (g) at a speed in excess of the speed determined for that particular recreational water area.

(14) No person must, except with the written permission of the Director –

- (a) launch, operate or use a model boat or model power boat on any recreational water area;

- (b) indulge in kite flying or para-sailing;
- (c) operate a hovercraft or airscrew-driven craft;
- (d) use any water craft propelled by means of a water jet; or
- (e) land any vessel upon any shoreline,

other than inside an area from time to time demarcated for these purposes by the City.

(15) Despite the provisions of this By-law -

- (a) the City may launch, operate or use any vessel upon any recreational water area for the purpose of providing an emergency or rescue service, to provide a municipal service, or to enforce this By-law, and
- (b) the City may give permission to any other person, body or association of persons to launch, operate or use any vessel upon any recreational water area for the purpose of providing an emergency, rescue or transport service, or for the purpose of undertaking research or a survey, subject to such conditions as the Director may stipulate.

Rules relating to power boats
